3.5.6 The Company may require applicants or Customers to provide information pertaining to their financial ability to pay for service.

3.5.6.1 Applicants or Customers whose credit worthiness is not acceptable to the Company, or is not a matter of general knowledge, may be denied service or may be required to make, at any time, a deposit in an amount equaling up to three months, actual or estimated, charges for the services provided. The Company may increase the amount of any deposit previously required if, in the Company's sole discretion, it is reasonably necessary under the circumstances.

3.5.6.2 In the case of a cash deposit, interest will be paid for the period during which the deposit is held by the Company. If the Company, in its sole discretion, determines that the Customer is not capable of satisfying its payment obligations, services may be canceled by the Company upon written notice.

3.5.6.3 At the Company's option, such deposit may be refunded or credited to the Customer at, or any time prior to, termination of service. The Customer may elect to apply the deposit to future invoices or receive a payment of the deposit amount. However, if any balance is outstanding on the Customer's account at the time of cancellation, the Company reserves the right to apply the Customer's deposit and accumulated interest against the Customer's unpaid balance.

3.5.7 In the event the Company incurs fees or expenses, including attorney's fees, court costs, costs of investigation and related expenses in collecting, or attempting to collect, any charges owed to the Company, the Customer will be liable to the Company for the payment of all such fees and expenses reasonably incurred.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.5 **PAYMENT REGULATIONS** (Cont'd)

3.5.8 In the event that a check or draft tendered by a Customer is returned, a fee of \$35 will apply. The fee will be assessed when a check or instrument issued by a Customer is returned without payment for any reason whatsoever, unless the return is a bank error, in which case documentary evidence is required to waive the fee.

3.5.9 All stated charges in this rates, terms & conditions document are computed by the Company exclusive of any federal, state, or local use, excise, gross receipts, sales, or privilege taxes, duties, fees, or similar liabilities (other than general income or property taxes) whether charged to or against the Company of its Customer. Such taxes, fees, etc. shall be paid by the Customer in addition to the charges stated in this rates, terms & conditions document. All such taxes, duties and fees shall each be shown as a separate line item on the Customer's monthly invoice.

3.5.10 In cases involving toll fraud, the Company may backbill for one and one-half (1 1/2) years from the point when such fraud was detected and/or quantified.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.6 **CREDIT ALLOWANCES**

3.6.1 **Interruption of Service**

3.6.1.1 No credit will be allowed for relinquishing facilities in order to perform routine maintenance.

3.6.1.2 Credit for failure of service or equipment will be allowed only when such failure is caused by or occurs in facilities or equipment provided by the Company. As used in this rates, terms & conditions document, all equipment, facilities and/or services for which the Company renders a bill for payment are considered provided by the Company whether or not the equipment, facilities and/or services are owned and operated by the Company unless otherwise provided by the terms or this rates, terms & conditions document.

3.6.1.3 No credit will be allowed for failures of service or equipment due to Customer user-provided facilities or any act or omission of the Customer, its authorized user(s), officers, directors, employees, agents, contractors, licensees or invitees or any person or entity who gains access to the service at the customer through the negligence of the customer.

3.6.1.4 Credit allowance time for failure of service or equipment starts when the Customer notifies the Company of the failure or when the Company has actual knowledge of the failure, and ceases when the service has been restored and an attempt has been made to notify the Customer.

3.6.1.5 The Customer shall notify the Company of failures of service or equipment and make reasonable attempts to ascertain whether the failure is caused by Customer-provided equipment.

3.6.1.6 Only those portions of the service or equipment operation materially interfered with will be credited.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.6 **CREDIT ALLOWANCES** (Cont'd)

3.6.2 **Outage Credit**

3.6.2.1 No credit shall be given for an interruption of less than 2 hours.

3.6.2.2 The Customer shall be credited for an interruption of 2 hours or more at the rate of 1/360th of the monthly charge for the facilities affected for each period of 2 hours or major fraction thereof that the interruption continues. (A billing period has 30 days and service is provided 24 hours a day, 7 days a week. Every month will have 720 hours.) Such a credit shall only be applied to services priced by the Company on a monthly flat rated basis.

3.6.2.3 Where a minimum usage charge is applicable and the Customer fails to meet a usage minimum, credit for the outage shall be applied against that minimum equal to 1/360th of the monthly minimum charges associated with the portion of service disabled for each period of 2 hours or major fraction thereof that the interruption continues. Such a credit shall only be applied to services priced by the Company on a monthly flat rated basis.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.7 **EQUIPMENT**

3.7.1 **Customer Obligations**

3.7.1.1 The Customer shall assume all responsibility for obtaining all necessary permits, authorization or consents for interconnecting Customer-provided equipment or facilities with the Company's services or facilities as well as ensuring that the Customer-provided equipment or facilities are properly interfaced with the Company's services or equipment.

3.7.1.2 Access to and release of Company provided facilities located on the Customer's premises for testing and repair will be required for failures of equipment or service and/or routine maintenance. The Company will notify the Customer in advance of such necessary access or release and will attempt to schedule the access or release at a mutually convenient time. For charges contemplated in this rates, terms & conditions document, such testing and repair and/or routine maintenance will be performed during regular business hours. When, at the specific request of the Customer, such routine maintenance, testing and/or repair is performed outside of regular business hours, additional special service charges may apply.

3.7.1.3 The Customer shall operate its equipment and facilities in such a manner that its use of the Company's facilities shall not interfere with any other Customer's use of the Company's services or equipment.

3.7.1.4 The Customer shall provide adequate space, electrical power, wiring, HVAC and electrical outlets necessary for the proper operation of the Company's equipment on the Customer's and/or authorized user's premises.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.7 **EQUIPMENT** (Cont'd)

3.7.1 **Customer Obligations** (Cont'd)

3.7.1.5 The Customer shall be responsible for all loss regardless of cause (other than directly resulting from an act or omission of the Company) to the Company's equipment on the Customer's or its authorized user's premises.

3.7.1.6 The Customer is responsible for ensuring that, except for Customer authorized and qualified personnel, no one attempts to adjust, modify, move or otherwise interfere in any way with the continuous operation of the Company's equipment located at the Customer's or authorized user premises.

3.7.1.7 The Customer shall comply with the minimum protective criteria generally accepted in the telephone industry and other appropriate criteria as may be prescribed by the Company to protect the integrity of service or for safety reasons.

3.7.1.8 The Customer shall be responsible for the installation, operation or maintenance of any Customer-provided equipment. Where such equipment is connected to service furnished pursuant to this rates, terms & conditions document, the responsibility of the Company shall be limited to the furnishing of services under this rates, terms & conditions document and to the maintenance and operation of such services in the proper manner. Subject to this responsibility, the Company shall not be responsible for the following:

- (a) the through transmission of signals generated by Customer-provided equipment or for the quality of, or defects in, such transmission;
- (b) the reception of signals by Customer-provided equipment; or

(c) network control signaling where such signaling is performed by Customer-provided network control signaling equipment.

3.7.2 **Terminal Equipment**

3.7.2.1 The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems. Such terminal equipment shall be furnished and maintained at the expense of the customer, except as otherwise provided in this rates, terms & conditions document. The Customer is responsible for all costs at his premises, including Customer personnel, wiring, electrical power, and the like, incurred in the use of the Company's service.

3.7.2.2 When such terminal equipment is used, the equipment shall comply with the minimum protective criteria set forth below and shall not interfere with service furnished to other Customers. Additional protective equipment, if needed, shall be employed at the Customer's expense.

3.7.2.3 When service(s) using voice grade facilities is terminated in Customer-provided terminal equipment, channel derivation devices, or communications systems, the Customer shall comply with the following minimum protective criteria:

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.7 **EQUIPMENT** (Cont'd)

3.7.2 **Terminal Equipment** (Cont'd)

3.7.2.3 (Cont'd)

.1 When the facilities furnished under this rates, terms & conditions document are used in common with local telephone company services, it is necessary in order to prevent excessive noise and cross talk, that the power of the signal applied to the local lines be limited. A single valued limit for all application cannot be specified. Therefore, the power of the signal in the band over 300 hertz which may be applied by the Customer-provided equipment at the point of termination will be specified by the Company for each application, to be consistent with the signal power allowed on the telecommunications network as specified in FCC Part 68 Rules and Regulations.

.2 To protect the telecommunications services from interference at frequencies which are above the band of service provided, the carrier will specify the acceptable signal power in the following bands to be applied by the Customer provided equipment or communications system at the point of termination to insure that the input to facilities of the Company or other communications company that the Company connects with does not exceed the limits indicated.

a. The power in the band from 3,995 hertz to 4,000 hertz shall be at least 19 dB below the power of the signal as specified in Subsection .1 preceding.

b. The power in the band from 4,000 hertz to 10,000 hertz shall not exceed 24 dB below one milliwatt.

c. The power in the band from 10,000 hertz to 25,000 hertz shall not exceed 24 dB below one milliwatt.

3.7 **EQUIPMENT** (Cont'd)

3.7.2 **Terminal Equipment** (Cont'd)

3.7.2.3 (Cont'd)

.2 (Cont'd)

d. The power in the band from 25,000 hertz to 40,000 hertz shall not exceed 36 dB below one milliwatt.

e. The power in the band above 40,000 hertz shall not exceed 50 dB below one milliwatt.

.3 Where there is connection via Customer-provided terminal equipment or communications systems to a Message Telecommunications Service to prevent the interruption or disconnection of calls or interference with network control signaling, it is necessary that the equipment to the interface at no time has energy solely in the 2450 to 2740 hertz band. If signal power is in the 2450 to 2750 hertz band, it must not exceed the power present at the same time in the 800 to 2450 hertz band.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.7 **EQUIPMENT** (Cont'd)

3.7.2 **Terminal Equipment** (Cont'd)

3.7.2.3 (Cont'd)

.4 Where such Customer-provided equipment or communications system applies, signals having components in the frequency spectrum below 300 hertz, excluding ringing signals, the currents and voltages (including all harmonics and spurious signals) at the interface shall not exceed the limits indicated in a. through d. following:

a. The maximum rms (root-mean-square) value, including dc and ac components of the current per conductor shall not exceed 0.35 ampere.

b. The magnitude of the peak of the conductor or ground voltage shall not exceed 70 volts.

c. The conductor voltage shall be such that the conductor-to-ground voltage limit in .2 preceding is not exceeded. If the signal source is not grounded, the voltage limit in .2 preceding applies to the conductor-to-conductor voltage.

d. The total weighted rms voltage within the band from 50 hertz shall not exceed 100 volts. The total weighted rms voltage is the square root of the sum of the products times the square of the rms voltage of the individual frequency components. The weighting factors are indicated.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.7 **EQUIPMENT** (Cont'd)

3.7.2 **Terminal Equipment** (Cont'd)

<u>For Frequencies Between</u>	<u>Weighting Factor</u>
50 Hertz and 100 Hertz	$f^2/10^4$
100 Hertz and 300 Hertz	$f^{3.3}/10^{6.6}$

Where f is the numerical value of the frequency, in hertz, of the frequency component being weighted.

3.7.2.4 If the Customer fails to maintain and operate his terminal equipment properly, resulting in the occurrence or possibility of harm to the Company's equipment, personnel, or the quality of service to other Customers, the Company may, upon written notice, require repair, maintenance or the use of protective equipment at the Customer's expense. If such repair, maintenance or use of protective equipment fails to produce satisfactory results, the Company may, upon written notice, terminate the customer's service immediately.

3.7.2.5 The Customer shall also comply with the minimum protective criteria generally accepted in the telephone industry including Part 68 of the FCC Rules and Regulations, and other appropriate criteria as may be prescribed by the Company. The Customer shall ensure that his terminal facilities are of the proper mode, band-width, power, data, speed, and signal level for the intended use of the Customer, and that the signals do not damage the Company's equipment, injure personnel or degrade service to other Customers.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.8 **CANCELLATION OF SERVICE**

3.8.1 For any of the following reasons, the Company may discontinue service upon at least 10 days' notice or cancel an application for all services without incurring any liability. Separate accounts for the same Customer are also subject to this provision.

3.8.1.1 In the event that a Customer's bill remains unpaid after more than thirty days following rendition of the bill.

3.8.1.2 In the event of a violation of any regulation governing the service under this rates, terms & conditions document, when necessitated by conditions beyond the Company's control, a violation of any law, rule, or regulation of any government authority having jurisdiction over the service.

3.8.1.3 Where the Company is prohibited from furnishing services by order of a court or other government authority having jurisdiction.

3.8.2 The Company, by written notice to the Customer, may, without incurring any liability, cancel or suspend the provision of service or equipment for non-payment of any sum due to the Company from the Customer, whether pursuant to service offered under this rates, terms & conditions document or otherwise, or as a result of actions of a government agency which forces discontinuance of the provision of service or equipment, or for violation or threatened violation of any of the terms or conditions of this rates, terms & conditions document by the Customer or authorized user, or if the Customer becomes insolvent or bankrupt, or makes a general assignment for the benefit of creditors or as otherwise permitted by this rates, terms & conditions document. Cancellation will be effective on the date specified on the notice.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.8 **CANCELLATION OF SERVICE** (Cont'd)

3.8.3 Service may be canceled by the Customer only on not less than 30 days written notice to the Company. In the event the Company is unable to disconnect the Customer's access line by the requested cancellation date, the customer will be responsible for any usage over the line.

3.8.4 The discontinuance of service by the Company pursuant to this Section does not relieve the Customer of any obligations to pay the Company for charges due and owed for service(s) furnished up to the time of discontinuance.

3.8.5 The remedies set forth herein shall not be exclusive and the Company shall at all times be entitled to all rights available to it under either law or equity.

3.8.6 Except as otherwise provided in this rates, terms & conditions document or as specified in writing by the party entitled to receive service, notices may be given orally or in writing to the person(s) whose name(s) and business address(es) appear on the executed service order.

3.8.7 Where the Company cancels a service and the final service period is less than the monthly billing period, a credit will be issued for any amounts billed in advance, prorated at 1/30th of the monthly recurring charge for each day after the service was discontinued. This credit will be issued to the Customer or applied against the balance remaining on the Customer's account.

3.8.8 The Customer shall pay a cancellation charge for services that require special facilities dedicated to its use when the Customer cancels the order before service begins or prior to the expiration of the service term or if service is canceled for nonpayment or failure to make a requested deposit. The charge will be equal to the non-recoverable portion of expenditures or liabilities incurred expressly for the Customer and the sum of the monthly recurring or minimum usage amount remaining through the end of the term. The Customer is liable for any charges assessed by the interconnecting telephone company providing the dedicated local access line.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.9 **DETERMINATION AND RENDERING OF CHARGES**

3.9.1 For the purpose of billing, service will be deemed to be started on the day the service and its associated equipment, if any, is installed. Where billing is based upon Customer usage, Customers will be billed for all usage commencing on the date usage begins.

3.9.2 Subject to the Company's right to cancel or suspend services as otherwise provided in this rates, terms & conditions document, the minimum service period is 30 days. Termination by Customer is effective 30 days after receipt by the company of a written notice of cancellation. Termination by the Company is effective 30 days after delivery of written notice or as otherwise set forth in this rates, terms & conditions document or other agreement between the Customer and the Company.

3.9.3 In situations where a Special Service is requested, the minimum service period and charges will be determined on a case-by-case basis.

3.9.4 All monthly recurring charges are billed one month in advance. Initial and final month's billing, when the service period is less than a month, will be prorated at 1/30th of the month's recurring charge for each day the service was rendered or equipment was provided.

3.9.5 Usage charges are billed monthly for the preceding billing period. For periods less than the monthly billing period, minimum usage charges are prorated at 1/30th of the monthly minimum amount for each day the service was rendered.

3.9.6 The duration of a call is rated in intervals of the billing increments described for each service provided in this rates, terms & conditions document. If the final interval of a call is less than the applicable billing increment, it will be rounded up to a full increment for purposes of billing.

3.9.7 Computed usage charges or credits for each call are rounded to the nearest cent when possible.

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.9 **DETERMINATION AND RENDERING OF CHARGES** (Cont'd)

3.9.8 The applicable usage rates for the billing of a distance sensitive call will depend on the distance in airline mileage between the originating and terminating points of the call. For the purpose of determining the airline mileage of a call, the Company will utilize the vertical ("V") and horizontal ("H") coordinates of the rate centers of the originating and terminating points of the call. For purposes of billing, the Company references "V" and "H" coordinates provided by Bell Communications Research. For calls originated by dialing a local exchange number or a 950-type number using an authorization code, the originating point will be the rate center in which the switched access facilities are located. For calls originated via equal access connections, WATS access lines or dedicated access lines, the originating point will be the rate center in which the Customer is located. The terminating point will be determined by the rate center of the called number.

The formula to determine airline miles is as follows:

$$\sqrt{\frac{(V1-V2)^2 + (H1-H2)^2}{10}}$$

3.9.9 Rate periods apply, unless noted otherwise, as indicated below and are based on the time in which a call is established. In cases where a call begins in one rate period and continues into another, the rate in effect in each period will apply to the portion of the call occurring within the applicable rate period.

Day rates apply from 7:00 a.m. to 6:59 p.m. Monday through Friday
Evening rates apply from 7:00 p.m. to 6:59 a.m. Monday through Friday
Weekend rates apply from Saturday at 7:00 a.m. to 6:59 a.m. Monday

3. **GENERAL RULES AND REGULATIONS** (Cont'd)

3.10 **TIMING OF CALLS**

3.10.1 Billable time for service is the duration of time between the called station answering and the called or calling station disconnecting, provided duration may be rounded in accordance with specific descriptions in this rates, terms & conditions document.

3.11 **SPECIAL SERVICES**

For the purpose of this rates, terms & conditions document, a Special Service is deemed to be any service requested by the Customer for which there is no prescribed rate in this rates, terms & conditions document. Special Services charges will be developed on an individual case basis and filed in this rates, terms & conditions document.

3.11.1 Special Service charges will be based on the estimated cost of furnishing such services including the cost of operating and maintaining such a service, the cost of equipment and materials used in providing such a service, the cost of installation including engineering, labor supervision, transportation, and the cost of any other specific item associated with the particular Special Service request.

3.11.1.1 If at the request of the Customer, the Company obtains facilities not normally used to provide service to its customer, the cost incurred will be billed as a Special Service.

3.11.1.2 If at the request of the Customer, the Company provides technical assistance not normally required to provide service, the costs involved will be billed as a Special Service.

3.11.1.3 Where special signaling, conditioning, equipment, or other features are required to make Customer-provided equipment compatible with the Company service, the cost of providing these features will be billed as a Special Service.

3. GENERAL RULES AND REGULATIONS (Cont'd)

3.12 FRACTIONAL CHARGES

Charges for a fractional part of a month are calculated by counting the number of days remaining in the billing period after service is furnished. Divide that number of days figure by thirty days (billing period). The result is then multiplied by the applicable monthly service charge to arrive at the appropriate fractional monthly service charge. For each call the minimum charge shall be the applicable charge for the initial billing increment of use with use in excess of the initial billing increment during a call charged at the applicable rate per minute with the fractional billing increments, if any, of each call rounded up to the next highest whole billing increment. All per call charges of fractional cents shall be rounded to the next full cent unless otherwise stated in the specific product description (Section 4).

3.13 APPLICATION OF STATE AND LOCAL TAXES

There is a charge of 7.00% added to intrastate charges to recover the amount the Company must pay toward the Illinois Telecommunications Excise Tax. Various municipalities in the State of Illinois have enacted taxes upon the Company's gross receipts from intrastate services originated within their boundaries. The Company will apply a charge equal to the effective local telecommunications tax rate on all intrastate charges originating within these municipalities.

3.14 TELECOMMUNICATIONS RELAY SERVICE (TRS)

TRS is a service which permits hearing or speech impaired Customers who have been certified, in writing, by a licensed physician, audiologist, speech pathologist, or appropriate state or federal agency, as having a hearing or speech impairment which precludes oral communications and who use a Telecommunications Device for the Deaf (TDD), to complete calls to Customers who do not use TDD. Customers originating a call, either by voice or TDD, reach the TRS center for their respective state via a toll free telephone number. The Company is not liable for errors in translation, receiving or delivering messages by telephone, TDD, or any other instrument over the Company facilities, connecting carriers or through any of the TRS Centers operated by the Company in absence of gross negligence or willful misconduct. The completed call is rated as a call from the originating telephone number to the terminating telephone number. This service will apply to intrastate calls that originate and terminate in Illinois. All TRS calls are not eligible for any discounts associated with any other Calling Plans.

This service enables the Customer to receive 8xx service calls at their residence or place of business.

4.4.2 The Company reserves the right to require an applicant for the Company 8xx Service to supply the following information when requesting service: an initial traffic forecast, identification of anticipated busy hour, identification of its geographical marketing target areas, and a schedule of marketing and promotional activities. The Company may also require that a new traffic forecast be submitted by the Customer quarterly after service is initiated.

The Company may terminate or refuse to furnish 8xx Service to any applicant, without incurring any liability and without notice to the Customer, if the use of the service would interfere with or impair any service rendered by the Company.

4.4.4 The Customer must obtain an adequate number of access lines for the Company 8xx Services to handle the Customer's expected demand in order to prevent interference or impairment of this service or any other service provided by the Company considering: (1) total call volume; (2) average call duration; (3) time-of-day characteristics; and (4) peak calling period. 4.4 **Inbound Services** (Cont'd)

4.4.5 Use of numbers; Each 8xx Service telephone number must be placed in actual and substantial use by the Customer. "Substantial use" shall mean a pattern of use that demonstrates an intent on the Customer's part to employ the number for the purpose for which it was intended; namely, to allow callers to reach the Customer, as indicated, for example, by at least 30 average monthly minutes of use or more. Any 8xx telephone number associated with the Company 8xx Service that has not been placed in actual and substantial use during the first sixty (60) day period after service activation may be redesigned as a spare number in the Company 8xx database by the Company upon written notice to the Customer.

4.4.6 If the Customer requests assignment of a specific 8xx Service telephone number, the Company may require the Customer to submit a number reservation agreement form to the Company. At no time may a Customer have more than ten (10) numbers reserved. Any reservation shall be for no more than sixty (60) days and shall be subject to a reservation fee which will be credited to Customer's unpaid balance after the Company 8xx Service has been in actual and substantial use for a consecutive sixty (60) day period.

4.4.7 Nothing in this Section, or in any other provision of this rates, terms & conditions document, or in any marketing materials issued by or on behalf of the Company, shall give any person, including prospective Customers who have reserved 8xx telephone number hereunder or Customers who subscribe to and use the Company 8xx Service or their transferee or assigns, any ownership interest or proprietary right in any particular 8xx number; however, upon placing a number actually and substantially in use, as defined above, the Company 8xx Service Customers do have a controlling interest in the 8xx number(s). The Company's 8xx Service Customer may retain the use of their 8xx number assignments, even following changes in their 8xx carrier and/or Resp. Org.

4. **SERVICE DESCRIPTIONS** (Cont'd)

4.4 Inbound Services (Cont'd)

Org.). Upon subscription to the Company 8xx Service, the Customer may execute a Letter of Authorization to transfer Resp. Org. responsibility of its 8xx number(s) to the Company Resp. Org. in writing within 48 hours of the change. The Customer is responsible for all outstanding indebtedness for services provided by a previous Resp. Org. or 8xx service carrier. The Company assumes no responsibility or liability with respect to any obligations of Customer to such previous service providers existing at the time of transfer to the Company.

4.4.9 The Company's Resp. Org. functions include 1) search for and reservation of 8xx numbers in the SMS/8xx; 2) creating and maintaining the 8xx number Customer record in the SMS/8xx; and 3) provision of a single point of contact for trouble reporting.

(ii) After the initial thirty (30) days, a deposit will accrue interest at the rate not to exceed eight (8) percent per annum.

(iii) A deposit will be returned by the Company under the following circumstances:

When an application for service has been canceled prior to service activation, the deposit will be applied to any existing charges incurred in accordance with the provisions of this rates, terms & conditions document. The Company agrees to refund the excess portion of the deposit, if any, within thirty (30) days following settlement of Customer's account.

- (iv) The unused portion of a deposit and accrued interest will be refunded if Customer has demonstrated its credit worthiness by paying each and every bill rendered by The Company for service within the thirty (30) day period for each of the six (6) months following the tender of such deposit.
- (v) The refunding or crediting of Customer's deposit and accrued interest in no way relieves Customer from complying with all rates, terms and provisions contained in the Company's rates, terms & conditions document or from tendering payments when due.

10. Payment and Credit Regulations (cont'd)

10.3 Denial of Access to International Message Telecommunications Service by the Company

The Company expressly retains the right to immediately deny the access to service without incurring any liability for any of the following reasons:

- (a) Nonpayment of any sum due for service provided hereunder, where Customer's charges remain unpaid more than ten (10) days following notice of nonpayment from the Company. Notice shall be deemed to be effective upon mailing of written notice, postage prepaid, to Customer's last known address; or
- (b) Customer's acts or omissions which constitute a violation of, or a failure to comply with, any regulation stated in this rates, terms & conditions document governing the furnishing of service, but which violation or failure to comply does not constitute a material breach or does not pose any actual or threatened interference to The Company operations or its furnishing of services. The Company agrees to give Customer ten (10) days notice of such violation or failure to comply prior to service; or
- (c) The implementation of any order of a court of competent jurisdiction, or federal or state regulatory authority of competent jurisdiction, prohibiting the Company from furnishing such service; or
- (d) Where Customer has failed or neglected to tender any additional or required security deposit within ten (10) days of demand by the Company.

10. Payment and Credit Regulations (cont'd)

10.4 Customer's Liability in the Event of Denial of Access to Service by the Company

In the event Customer's service is disconnected by the Company for any of the reasons stated in Section 10.3, Customer shall be liable for all unpaid charges due and owing to the Company associated with the service. Customer's deposit and accrued interest shall be applied to all cancellation charges applicable to the service offering received by Customer.

10.5 Reinstitution of Service

If Customer seeks reinstatement of service following denial of service by the Company, Customer shall pay to the Company prior to the time service is reinstated (1) all accrued and unpaid charges, and (2) a deposit per section 4, subparagraph 10.2(b)(1) in order to reinstate service.

10.6 Discontinuation of Service

The Customer's service shall automatically discontinue upon discontinuation of the Customer's subscription to the Company's Interstate Telecommunications Service.

10. Payment and Credit Regulations (cont'd)

10.7 Billing Disputes

In the event Customer disputes any charges billed by the Company, Customer may withhold from payment to the Company the disputed portion of any billing pending resolution of the dispute, provided Customer submits to the Company an itemized statement in writing which identifies the disputed charges and reasonably explains the basis of the dispute. Customer's explanation must be received by the Company within ten (10) days of the bill date of the disputed bill. The Company shall resolve the dispute, within thirty (30) days of receipt of determination of whether any billing adjustment should be made into Customer's account. In making such determination the Company will consider all relevant and credible information provided by Customer as well as any other information reasonably available to the Company. The burden of proof to establish any right to billing adjustments in Customer's favor shall be solely upon Customer.

In the event Customer does not agree with the initial determination by the Company relating to amounts in dispute and adjustments, if any, which the Company may agree to make, Customer shall so advise the Company and within ten (10) days following the Company's initial determination shall submit to the Company any additional information which Customer deems pertinent or relevant to the dispute. Within twenty (20) days of the Company's receipt of additional information, the Company shall make its final determination based upon all documentation or information available to the Company. In the event the Company lacks credible evidence to substantiate Customer's position after a reasonable review of and consideration of such information available, the Company shall notify Customer and, if the Company determines that all or any portion of such disputed amount is still owed, Customer shall be required to tender payment of such amount within ten (10) days thereafter. If Customer withholds the disputed amount thereafter, or within the time required, fails to provide supporting information in writing which sets out a legitimate basis under this rates, terms & conditions document for disputing any charges, Customer's account shall be deemed to be past due and unpaid. In such event, the Company shall be entitled to deny Customer's service immediately and/or require an additional deposit.

10. Payment and Credit Regulations (cont'd)

10.7 Billing Disputes (cont'd)

If the billing dispute is resolved in favor of the Company, any payments withheld pending resolution of the dispute shall be subject to a late payment fee of 1.5 percent per month for the period during which such charges remain unpaid.

10.8 Right to Backbill for Improper Use of the Company's Services

Any person or entity which uses, appropriates or secures the use of services from the Company, whether directly or indirectly, in any unlawful manner or through the providing of any misleading or false information to the Company and which use, appropriation, or securing of services is inconsistent with the stated uses, intents, and purposes of this rates, terms & conditions document or any restrictions, conditions, and limitations stated herein, shall be liable for an amount equal to the accrued and unpaid charges that would have been applicable to the use of the Company's services actually made by Customer.

10.9 Bank Charges

In the event that a check or draft tendered by a Customer is returned, a fee based on the policy of the local exchange telephone company which serves the customer will apply. The fee will be assessed when a check or instrument issued by a Customer is returned without payment for any reason whatsoever, unless the return is a bank error, in which case documentary evidence is required to waive the fee.

10.10 Late Payment Charge

Customers billed by local exchange telephone companies on behalf of the Carrier are responsible for any late payment charges that the local exchange telephone companies may employ in their billing process.

12. MISCELLANEOUS PROVISIONS

- 12.1 Notice. Written notice to Customer is sent to Customer's last known address in Company's invoicing records. Notice shall be deemed given 3 days after postmarked.
- 12.2 Waiver of Trial by Jury. Customer and Company waive their respective rights to a trial by jury of any and all claims or causes of action (including counterclaims) related to or arising out of these Rates, Terms and Conditions brought by either party against the other. Any claim or cause of action will be tried by a court trial without a jury. The waiver applies to these Rates, Terms and Conditions as amended or modified.
- 12.3 Choice of Law; Jurisdiction. These Rates, Terms and Conditions are covered by and construed under the laws of the State of Illinois without regard to choice of law principles.
- 12.4 Waiver of Class Actions. All claims between Customer and Company related to these Rates, Terms and Conditions will be litigated individually and Customer may not consolidate or seek class treatment for any claim, unless previously agreed to in writing by Customer and Company. This waiver applies to these Terms and Conditions as amended or modified, and survives termination of service under these Terms and Conditions.
- 12.5 Severability. If any part of these Rates, Terms and Conditions is held invalid or unenforceable, the rest of these Rates, Terms and Conditions shall remain in full force and effect unless Company's obligations hereunder are materially impaired.
- 12.6 Waiver. If either Customer or Company does not enforce any right or remedy available under these Rates, Terms and Conditions, that failure is not a waiver of the right or remedy for any other breach or failure by the other party. Company's waiver of any requirement in any one instance is not a general waiver of that requirement and does not amend these Rates, Terms and Conditions.
- 12.7 Headings. Section headings are for descriptive purposes only and are not used to interpret these Terms and Conditions.
- 12.8 Entire Terms and Conditions. These Terms and Conditions (including any referenced documents and attachments) make up the entire terms and conditions between Customer and Company and replace all prior written or spoken terms and conditions, representations, promises or understandings between Customer and Company.
